Stonedead Festival the new festival on the block has announced some of the greatest rock acts in the world earlier this year. Going to any hard rock music festival these days involves a huge expense and the camping is so far away from the festival site. Not at Stonedead Festival, we have excellent value tickets which can include camping right next to the arena.

Those arriving on the 24th August will be able to listen and perhaps take part in **TOTAL ROCK** 's commemoration of their Friday night show to the late Tommy Vance (following his daughters permission to dedicate our stage to him). Fans arriving on the Friday afternoon will be able to listen to gain access to the Pavillion where the magic takes place.

Stonedead Festival is going to recreate going to a hard rock festival of the 80's and 90's but in a new and exciting way, incorporating all the parts of historic festivals like Donington and Monsters of Rock that are remembered and loved mainly the the awesome music! We are including great new features such as parking and camping near to the arena, access to toilets, showers, good food and great beer!

Stonedead's stellar line-up is bound to excite both classic and new rock fans in championing new acts who have the same uncompromising, thrilling ethos of true hard rock as well as the established names on the billing.

Explaining the reasons for Stonedead, the organisers say: "We're a group of veteran rockers who spent every year waiting for that one magical day in the calendar: Monsters Of Rock."

"We shared our stories and that evolved into a feeling of loss. What happened to buying a festival ticket that didn't involve having to take out a second mortgage? Having one stage, half-a-dozen

fantastic bands, crashing out back at your tent and talking to your mates about the day? Then packing up and going back to the real world on Sunday?”

“Our aim is to take a mix of established and up-and-coming bands with that classic rock sound. If you ever wanted to experience a true music heavy metal rock festival, you’ll love Stonedeaf.”
