Proudly brought to you by STONEDEAF PRODUCTIONS LTD, STONEDEAD is an outdoor, one day, one stage, monster of a festival where rock music reigns eternal. STONEDEAD places the rock fan experience at its core. Come and see it for yourself!

**BLACK STAR RIDERS** are currently one of the most exciting bands in the rock world. Formed in 2012 with **Ricky Warwick** (Vocals), **Scott Gorham** (Lead Guitar), **Robbie Crane** (Bass) **Chad Szeliga** (Drums) and **Christian Martucci** (Lead Guitar). They are often billed as the next step in the evolution of **Thin Lizzy** however **BSR** offer far more than that: high energy rock anthems with skilfully intertwined guitars, extremely powerful vocals with a unique sound designed to leave you wanting more. **BSR** released their debut album *All Hell Breaks Loose* (2013) which was promptly followed by *Killer Instinct* (2015), *Heavy Fire* (2017) and *Another State of Grace* (2019) proving that **BSR** continues to hone their craft as a band, in that you can feel their chemistry on stage.

Rock party band **Terrorvision** are enjoying a resurgence of their popularity, following the '**Britrock Must Be Destroyed Event**' which saw the band play alongside other 90's iconic bands: **Reef**, **The Wildhearts** and **Dodgy** in 2018 and a number of shows to celebrate the 20th Anniversary of the release of the iconic LP "**Regular Urban Survivors**". **Tony Wright** (vocals), **Mark Yates** (guitar), **Leigh Marklew** (bass), **Milly Evans** (keys) and **Cam Greenwood** (drums) will certainly take the party up a notch in August. **Terrorvision** has true Yorkshire grit with a host of hits from *Tequila*, *Alice What's the Matter*, *My House*, *D'ya Wanna Go Faster to Oblivion*, the vibrant rockers guarantee to get you bouncing, singing along and waving your arms in the air.

Legendary Scottish rockers **GUN** will bring an arsenal of hooky riffs and catchy songs to the **STONEDEAD Tommy Vance** stage. Celebrating 30 years since the release of their 1989 debut album *Taking on The World*, which saw the band tour with **The Rolling Stones** on their *Steel Wheels* tour in 1990. Momentum continued to gather when the band release *Gallus* in 1992 and an arena tour with **Def Leppard** followed. The double album release *R3LOADED*, featuring an amalgamation of their best singles from the band's seven albums such as *Steal Your Fire*, *Better Days* and *Don't Say It's Over*, and a collection of cover songs, including the song that gave them a household hit *Word Up* by **Cameo**, for which the band won the prestigious **MTV Europe Music Award for Best Cover**. **Dante Gizzi** (vocals), **Jools Gizzi** (guitar), **Paul McManus** (drums), **Andy Carr** (bass) and **Tommy Gentry** (guitar) never fail to deliver, and are guaranteed to put on one hell of a show for the **STONEDEAD** faithful!

**Embargo until 2/7/21 at 7pm**

After a rip roaring success playing at our first *Stonedead* in 2018, the Massive Wagons lads from Lancaster are back to entertain the Newark crowd once again. After a busy year working away behind the scenes pushing their latest album that they've not yet been able to tour, we are looking forward to hearing the tunes that saw us through Summer 2020 such as In It Together and House of Noise from their fifth studio album of the same name. The fearless five-piece will be bringing their high energy, high volume show to the Tommy Vance stage, complete with epic solos and sing-a-longs that will be sure to have us all bouncing in the crowd!

Southern 70's blues influenced hard rock doesn't get much better than the **Kris Barras Band** fronted by guitarist and vocalist **Kris Barras**; providing an explosion of gritty, hard rock blues, with killer riffs.

Birmingham's very own **Blaze Bayley** returns to Newark having previously performed in 2018 with **Wolfsbane**; this time bringing a UK summer exclusive of his **Iron Maiden** years.

The Treatment have been flying the flag for British Rock n' Roll since back in 2008 and continue to light a fire in the modern rock scene with powerful guitars, catchy choruses and strong vocals. They saw success in their early years by securing support slots on tour with Kiss and Mötley Crüe in 2012 and then 2013 playing Ozzfest in Japan and four dates with Slash in the UK. Despite some line up changes over the years, the band have maintained a full and fresh sound that will resonate with Stonedead fans, especially for those who have had them on the wish list for quite some time. Get ready for them to rock your socks off!

Guitarist **Myke Gray** founder and song writer of **Skin, Jagged Edge and Red White and Blues** brings his exciting new **Shades of Grey** project and old classics to **STONEDEAD**.

**Dead Man's Whiskey** won the **Opening Poll Competition**. London based **Dead Man's Whiskey** have a solid reputation as a hard working **NWOCR** band. With big vocals, huge guitar hooks, energetic performances and catchy as hell choruses, this 5 piece will offer a scintillating opening performance.

The legend that is **Krusher Joule** is acting as compere for the day. **STONEDEAD's** stellar line-up aims to excite both classic and new rock fans in providing a unique one day, one stage festival where the music is loud, the beer and food are priced competitively and you can camp / park 5 minutes from the level ground arena.

The festival is solely organised by volunteers and created for music fans, **STONEDEAD** is a festival experience not to be missed. With a free signing tent brought to you in conjunction with **Planet Rock Radio**. We have a dedicated covered **wellbeing area** with seating and sun cream! We allow alcohol to be brought into the arena - 4 cans of ready mixed spirits or beer / cider. **STONEDEAD Festival** is carrying on its solid tradition of bringing both well-known and new rock bands to **Newark Showground, Nottinghamshire**.
